

The following is a list of all the Club Records set during this season. As I hope you will agree there is a lot of paperwork to be checked each week to try and keep up with the constant improvement of performances.

If you think one of your efforts has been overlooked please email Steve with your thoughts, including Round number and performance.

Remember you must be in the age group when you record the performance.

At the moment, performances at school meetings do not count for Collingwood Harriers records. There is an historical aspect to this and even a reference in the Club Constitution. Please note that this may change in the future!
